25X1Airfield of SCHWERIN-GOERRIES

Mid-June 1949

1. No repair work was observed at the SCHWERIN-GOERRIES (M 54/T 46) airfield in mid-June 1949. There was no flying, probably because of the poor condition of the landing field. The nationalized "Bauunion" Firm was housed in two small airfield buildings.

2. Comment:

No change has been observed at the SCHWERIN-GOERRIES air field since late May 1949. The rumors concerning an intended reconditioning of the airfield have not proved to be correct.
